

## Association of European Threat Assessment Professionals Sponsoring Opportunities

AETAP is an international non-profit organization committed to the promotion of research on threat assessment and management, the implementation of tools and structures in relation to the topic, and teaching and training professionals in threat assessment and management. Threat assessment and management in AETAP is directed towards prevention of targeted violence and interpersonal violence.

As a non-profit organization, AETAP relies on sponsorship to ensure we can provide our members and non-members who attend our events an education in threat assessment and management.

The success of all AETAP events, besides conference fees, is credited in large part to the participation of our sponsors, who lend their names and financial support. Please find below a detailed outline of the core sponsorship opportunities available.

Please contact us at [info@aetap.eu](mailto:info@aetap.eu) for more information!
