

AETAP's 16th CONFERENCE & WORKSHOP DAY Lugano 07.-10.04.25

Photo by Maksym Harbar on Unsplash

AETAP is an international non-profit organization aimed at promoting threat assessment and management as a means of preventing targeted and interpersonal violence, including femicide, violent extremism, and threats against institutions and public figures, among others. Since 2008, it has been organizing an annual international conference to showcase new research, intervention strategies in threat assessment and management, recent case studies, and to provide ongoing education and networking opportunities for professionals in the field.

16th AETAP Conference Lugano, Switzerland Workshop Day 07 April 2025 Conference 08-10 April 2025

In recent years, professionals dedicated to preventing targeted and predatory violence have recognized an increasing demand for the latest information on threat assessment and management across Europe. Representatives from law enforcement, private security, law, victim support, forensic and clinical psychology and psychiatry, as well as academics, have emphasized the importance of networking to facilitate trans-European information exchange.

Join us to network, stay updated on global threat assessment and management, and connect with leading experts in the field. This conference is a must-attend for those involved in security management, the prevention of targeted violence, violence risk assessment, threat management, and anyone interested in networking throughout Europe.
